

Swivel Type USB Drive Art Guidelines

Safe Area 14mm x 45mm (green)
Printable material 16.8 x 51mm (red)
Size overall 16 x 53mm (red + grey)

— Safe Print Limit

— Print Limit

Artwork needs to take into consideration:

1. We do not have white ink, so any whites will be realised by the white background (calendar pages).
2. Bleed is not allowed. Art that exceeds the green line will be masked out of the print.
3. Please avoid using very small fonts, they may be readable, but only for people with 20:20 vision, which is a rarity. Reversed out text is not recommended, particularly if it is white text.
